

# HERE YOU AT HOME

*At Kurpark Hotel, great importance is placed on the facilities of the rooms. After all, the immediate surroundings are largely responsible for making guests feel truly comfortable, welcome, and a little bit at home. All rooms are spacious and flooded with light. The furnishings are upscale and cozy, sometimes understatedly serious and sometimes a bit more modern - there is a suitable decor style for every taste. Friendly, warm colors, high-quality furniture, spacious bathrooms - and, if desired, also a balcony with a view of the Kurpark and the atmospherically lit Gradierwerk in the evening - make it easy to enjoy and relax, and offer the right retreat.*

*The entire hotel also combines upscale furnishings with a successful, harmonious mix of modernity and coziness, making the ambiance so pleasant. Combined with the beautiful surroundings and friendly service, our guests will find everything that is good for body, mind, and soul here. The daily goal of the hotel team is to ensure that all guests feel cared for and well taken care of. That's why you will always find an open ear for wishes and needs. This fundamental attitude creates a family atmosphere in the hotel, where the guest is always at the center.*
