

HERE YOU ARE AT HOME

The facilities of the rooms at the Kurpark Hotel are given the utmost importance. After all, the immediate surroundings are crucial to feeling truly comfortable, welcome, and a little like home. All rooms are spacious and flooded with light. The furnishings are upscale and homely, sometimes understated and serious, sometimes a bit more modern – there is a suitable interior style for every taste. Friendly, warm colors, high-quality furniture, spacious bathrooms – and, if desired, a private balcony with a view of the Kurpark and the moodily illuminated saline graduation tower in the evening – make it easy to enjoy and relax, providing the perfect retreat.

Throughout the entire hotel, the blend of generally upscale furnishings, combined with a successful and harmonious mix of modernity and coziness, creates an atmosphere that is so pleasant. Paired with the beautiful surroundings and friendly service, our guests find everything here that benefits body, mind, and soul. Ensuring that all guests feel cared for and well looked after is the goal of the hotel team's daily work. That's why you will always find a listening ear for your wishes and needs. This fundamental attitude creates a family-like atmosphere in the hotel, where the guest is always at the center
